Because conditions at the Shaffer Equipment Company Site continue to meet the criteria set forth in Section 300.415 of the NCP for a Removal Action, I recommend your approval of the Request for Removal Restart at the Shaffer Equipment Company Site in Minden, Fayette County, West Virginia. As On-Scene Coordinator (OSC), I have determined that additional funds in the amount of \$1,875,000 is required to complete the proposed Removal Actions. If approved, the total project ceiling will be raised from \$5,015,490 to \$6,890,490.
